### Principal's Message

Education is the passport to the future, for tomorrow belongs to those who prepare for it today. It is usually a belief that education is the foundation for all round development. This all round development comes only when we prepare it now and today. The question is how to prepare for the future. The answer we get only when we sincerely do our studies.

The school in a way prepares the students for that bright future which every child envisages. As a teacher it's our first and foremost duty and responsibility to help these young minds to built that building which has a strong foundation. So in the school we try to provide such an environment where child will shine in the future. We also try to find out child's interest in the various fields and provide that platform by which a child can grow healthy and shape their future.

### Headmistress' Message

Aristotle once said, "*Educating the mind without educating the heart is no education at all.*"

Educating the heart refers to the importance of not only focusing on developing cognitive aspects but also the qualities that make us human and ultimately gives us meaning in our life.

Imparting a value based education to children is becoming increasingly challenging for every educator today due to the negative impacts of mass media. The children of St Aloysius School, Bangarmau too are vulnerable to the impacts

of this changing scenario. The responsibility of education lies on both parents and the teachers as we face this upheaval task.

Nevertheless, St Aloysius School Bangarmau has been making strides in academic and extracurricular fields in Unnao District. Bangarmau is surrounded by a number of villages. The people have recognized the growth and development of this School and have entrusted their children under its care. This aforesaid, school is known for discipline, academic performance and positive environment.

I sincerely thank all the Teaching and Non-teaching Staff whose dedicated service continues to be the strength of this School. As we strive to live out its vision and mission, may God bless all our efforts to lead our children to be good citizens of our country.

May God bless us.

Sr. Matilda Alva
